Identification of visitors and access control	Name, name of company, purpose of visit

3 Period of processing and retention of personal information and destruction of personal information

The Company will immediately destroy personal information when the purposes of processing such personal information are attained and the personal information becomes unnecessary.

When the Company destroys personal information, it will implement measures to ensure that the information is not restored or regenerated.

However, when the Company has obtained prior approval from the Data subject or when the Company must retain the personal information of the Data subject pursuant to other laws and regulations, the Company will store and manage such personal information or personal information file separately from other personal information.

4 Transfer of Personal Information to third party

The Company does not transfer personal information to third parties.

The Company may provide personal information without the consent of the data subjects in case of emergency situations such as disasters, infectious diseases, events or accidents that cause imminent danger to life or body and imminent property loss, etc according to 「Personal Information Handling and Protection Rules in Emergency Situations」 jointly announced by the relevant government authorities. For more information, please click [here](#)*.

5 Delegation of Personal Information Processing Services

The Company delegates personal information processing services as follows:

	DCEA-KR Guideline	Issue/Amendment 4.10	Page 4/8
From DCEA/S KR	Privacy Guideline [Customers]	Our Reference C/ISP-KR, DCEA/CTG- KR-Choi	Date Jun 13, 2025

Provider of Delegated Services	Contents of Delegated Services
Bosch Rexroth AG (Germany) and affiliated companies (https://www.bosch.com/websites-worldwide/)	The operation and management of the Bosch global systems (e.g. customer registration/storage in Rexroth store)
E-green tech	Management of access to the Company
DesignAone (Re-entrustee : Café24)	Homepage creation, membership registration, training course operation

6 Limits on processing resident registration numbers

The Company processes resident registration numbers only in following cases:

- (1) in case processing resident registration numbers is required or allowed by legal provisions, or
- (2) in case there is clear evidence of some urgent need to handle resident registration number, for the sake of the safety or property of the Data subject or of a third party, or
- (3) in case there is inevitable to process resident registration numbers in line with subparagraphs (1) and (2) in circumstances publicly notified by the Protection Commission.

7 Matters concerning the rights and obligations of Data subject and method of exercise thereof

7.1 Inspection of personal information

- (1) The Data subject may request inspection of his/her own personal information processed by the Company.
- (2) Within ten (10) days from the receipt of the Data subject's request for inspection of personal information, the Company will allow the Data subject to inspect his/her personal information. If the personal information cannot be inspected within the above period due to a justifiable reason, the Company may delay inspection after notifying the Data subject of the reason for the delay. When the reason for the delay ceases to exist, the Company will immediately allow inspection of the persona information.
- (3) In any of the following cases, the Company may restrict or refuse inspection of personal information after notifying the Data subject of the reason for such refusal or restriction:
 - 1) If inspection is prohibited or restricted by law; or
 - 2) If such an act is likely to inflict damages upon another person's life or body or unfairly infringe upon another person's property or other rights.

From DCEA/S KR	Privacy Guideline [Customers]	Our Reference C/ISP-KR, DCEA/CTG- KR-Choi	Date Jun 13, 2025

7.2 Correction and deletion of personal information

- (1) The Data subject who has inspected his/her personal information may request that the Company correct or delete his/her personal information.
- (2) the Company will deliver a report on the results of correction or deletion notifying the Data subject of (i) the fact that the Company has taken necessary measures such as correction or deletion of such information as requested by the Data subject or (ii) the fact that the Company has not complied with the Data subject's request for deletion because the personal information is specified as items subject to collection under other law. However, if specific procedures for correction or deletion of personal information are stipulated by other laws and regulations, the Company will comply with such laws and regulations.
- (3) When the Company deletes personal information in accordance with the Data subject's request, it will implement measures to ensure that the information is not restored or regenerated.

7.3 Suspension of processing of personal information

- (1) The Data subject may request that the Company suspend the processing of his/her own personal information.
- (2) In any of the following cases, the Company may refuse the Data subject's request for suspension of processing of personal information:
 - 1) If there is a special provision in law or if denying the request is necessary to comply with legal obligations;
 - 2) If such an act is likely to inflict damages upon another person's life or body or unfairly infringe upon another person's property and other rights; or
 - 3) If performing the contract becomes difficult (i.e. unable to provide the agreed services to the Data subject) unless the personal information is processed, and the Data subject has not expressed a clear intention to terminate such contract.
- (3) With regard to the personal information of which processing has been suspended in accordance with the request of the Data subject, the Company will immediately take necessary measures such as destruction of the personal information.

7.4 Methods and procedures of exercising rights

Request for inspection, correction or deletion of personal information or suspension of processing of personal information can be made by the Data subject, his/her legal representative or delegatee. However, in the event that the Data subject is represented by

	DCEA-KR Guideline	Issue/Amendment 4.10	Page 6/8
From DCEA/S KR	Privacy Guideline [Customers]	Our Reference C/ISP-KR, DCEA/CTG- KR-Choi	Date Jun 13, 2025

his/her legal representative or delegatee, a power of attorney of the Data subject as prescribed by Notification of the Protection Commission should be submitted to the Company. Data subject shall not infringe on the personal information and privacy of employees or other persons by violation of the Personal Information Protection Act and relate laws.

8 Measures to ensure safety of personal information

The Company takes the following technical, managerial and physical actions necessary for ensuring safety in order to prevent the loss, theft, forged, unlawful leakage, alteration or damage of personal information.

- (1) Establishment and implementation of an internal management plan for the safe processing of personal information
- (2) Measures to control access to personal information and to limit access rights
- (3) Application of encryption technology or equivalent measures that enable safe storage and transmission of personal information
- (4) Maintenance of login history to take measures against the infringement incident of personal information and measures to prevent forgery or alteration
- (5) Installation and upgrade of security programs for personal information
- (6) Physical measures including preparation of storage facilities and installation of locking system for the safe storage of personal information

9 Automatic collection of personal information on websites

The Company uses 'cookies' to store and retrieve usage information frequently to provide users with individually customized services.

Cookies are small text files stored on your computer when you visit our website. You can delete the cookies at any time. However, this can result in some functions no longer being available. For information on deleting the cookies, please consult your browser's help function.

The Company allows you to control the use of cookies. To do so, click the 'Privacy settings' link in the footer. There you can configure which cookies you want to use.

- Purposes: It is used to provide optimized information to users by identifying the types of visits and usage, popular search terms, and secure access to each service and website visited by the user.
- Rights to refuse: You may reject the storage of cookies by changing the privacy setting in the web-browser. Tool > Internet Options > Privacy
