8. Defects as to quality/defects of title

8.1. Only the description of the PRODUCT provided by BOSCH REXROTH prior to conclusion of the contract or agreed in a separate document

(e.g. in the DOCUMENTATION or catalogue) is decisive for the quality of the PRODUCT. This shall especially encompass its IT-security features. The details contained therein shall solely be understood as performance specifications and not as guarantees. A guarantee is only given if it has been explicitly designated as such by BOSCH REXROTH in writing prior to conclusion of the contract. No further quality is owed, and, in particular, nor does it ensue from public statements or advertising by distribution partners of BOSCH REXROTH. i. for PRODUCTS for motor vehicle and motor equipment: at the time when the PRODUCTS are brought into use, i.e. in the event of original equipment, when first registered, in the other cases, when installed, however no later than six months after delivery of the PRODUCT (passing of risk);

ii. in all other cases: upon delivery (passing of risk).

8.4. If a defect as to quality occurs during the limitation period, BOSCH REXROTH can cure the defect at its own discretion by remedying the defect or supplying a defect-free PRODUCT. A defect in SOFTWARE can be remedied at the discretion of BOSCH REXROTH by means of update/patch/bug-fix/upgrade or by indicating a workaround; the latter only insofar as this is reasonably acceptable for the CUSTOMER, taking account of the effects of the defect and the circumstances of the work-around solution indicated. Sec. 2.2 shall apply *mutatis mutandis*.

8.5. If so required by BOSCH REXROTH, the objected GOODS shall be sent for repair to BOSCH REXROTH or to the closest customer service

8.7. If the cure should fail, the CUSTOMER can, irrespective of any claims for DAMAGES in accordance with statutory provisions, revoke the contract or reduce the remuneration.

8.8. Claims by the CUSTOMER based on the expenditures necessary for the purpose of the cure, in particular costs of transport, transportation, labour and materials, are determined by the statutory provisions. They are excluded, however, insofar as the expenditures are increased because the PRODUCT is retrospectively moved to a location different from the original place of performance. The expenditures necessary for cure shall be borne by BOSCH REXROTH to a degree which is in reasonable proportion to the value of the thing in defect-free condition, to the significance of the defect and/or to the possibility of obtaining a cure in a different manner; costs in excess of this shall be borne by the CUSTOMER.

8.9. There are no claims for cure in the event of an only insignificant deviation from the agreed quality or in the event of only insignificantly impaired usability. Further rights remain unaffected by this.

iv. Changes to the PRODUCT by the CUSTOMER or other third parties, unless the defect is not in causal connection with the change;

v. Faults in the SOFTWARE caused by application errors by the CUSTOMER and which could have been avoided had the DOCUMENTATION been consulted carefully; application errors are also deemed to be in-existent or inadequate back-up measures pursuant to sec. 20.7 which would have avoided loss of data;

vi. Errors which are based on the SOFTWARE being used in an operating environment other than that approved by BOSCH REXROTH or due to faults in the TARGET HARDWARE, the operating system or the software of other manufacturers.

8.11. BOSCH REXROTH is not liable for the quality of the PRODUCT which is based on the design or choice of material, if the design or the material was stipulated by the CUSTOMER.

8.12. With respect to SOFTWARE which the CUSTOMER or a third party expanded or changed via an interface intended for this by BOSCH REXROTH, BOSCH REXROTH is only liable for the defects occurring up to the interface. The CUSTOMER shall indemnify BOSCH REXROTH in this respect from any claim raised by third parties, regardless of the statutory basis for the claim.

Unless agreed otherwise, it is the CUSTOMER's responsibility to, by choosing adequate technical and/or organizational measures, ensure the IT-security of its systems when integrating or using the PRODUCT taking into consideration the technical nature of the PRODUCT.

8.13. The CUSTOMER shall only have statutory recourse claims against BOSCH REXROTH to the extent that the CUSTOMER has not reached any agreements or agreed on goodwill regulations with its customers exceeding the statutory claims for defects.

19.2. The CUSTOMER may prepare and use back-up copies of the SOFTWARE. Back-up copies must be marked as such and be marked with the copyright notice of the original SOFTWARE as far as is possible. The CUSTOMER is also bound to these T&C with respect to its use of the back-up copy.

19.3. The CUSTOMER may only engage third parties to conduct the measures in compliance with sec.

19.2 which are not competitors of BOSCH REXROTH, unless the CUSTOMER demonstrates that the risk of divulging important CONFIDENTIAL INFORMATION of BOSCH REXROTH is excluded.

19.4. If BOSCH REXROTH provides the CUSTOMER with updates (including upgrades, updates and/or patches or bugfixes) and/or a new version of SOFTWARE, these are also subject to the terms of these T&C, except to the extent that they are part of a separate agreement. Once the new SOFTWARE version has been installed, the CUSTOMER's rights to the previous version shall end after a transition phase of one month. Sec. 11.4 shall apply in the event of the SOFTWARE being returned.

19.5. The CUSTOMER may not grant sub-licenses. The CUSTOMER may, however, transfer the granted right of use to third parties, whilst discontinuing its own use, upon fulfillment of the following conditions:

i. If the SOFTWARE was acquired together with a TARGET HARDWARE device, the SOFTWARE may only be passed on to third parties for use in connection with this TARGET HARDWARE. This applies to floating licenses (sec. 22.5iii), subject to the condition that they may only be transferred to third parties by the CUSTOMER if they are transferred in total and, if applicable, together with each TARGET HARDWARE device which the SOFTWARE may be used on.

ii. The CUSTOMER shall ensure that the third party is not granted any further rights of use to the SOFTWARE than those to which the CUSTOMER is entitled under these T&C and that at least those obligations arising from these T&C with respect to the SOFTWARE are imposed on the third party. In the event of a right of use being transferred to a third party, the CUSTOMER is obliged to surrender to the third party all the copies supplied to or created by the CUSTOMER or to erase them. If the CUSTOMER transfers its right to use the SOFTWARE, the CUSTOMER shall also hand over the DOCUMENTATION to the third party.

19.6. All further rights to the SOFTWARE that are not explicitly granted, also including, in particular, all rights to the trademark and to other intellectual property in the SOFTWARE shall remain with BOSCH REXROTH. Designations of the SOFTWARE, in particular copyright notices, trademarks, serial numbers and the like may not be removed, changed or obliterated.

20. Obligations of the CUSTOMER to collaborate and provide information

20.1. The CUSTOMER is responsible for its hardware and software environment being compliant with the system requirements of the SOFTWARE; in case of doubt, the CUSTOMER shall obtain advice from BOSCH REXROTH and/or from specialist third parties before entering into the contract.

20.2. It is partially possible to use the SOFTWARE to influence or control an electronic system. Therefore, taking account of the risk analysis, the SOFTWARE may be operated (and if necessary, to be installed) solely by qualified specialist personnel.

20.3. The CUSTOMER shall inform BOSCH REXROTH of possible errors in the SOFTWARE without undue delay. In this context, the CUSTOMER shall provide all the necessary information at the request of BOSCH REXROTH. The CUSTOMER shall permit BOSCH REXROTH to access the SOFTWARE in order to troubleshoot and rectify the errors; at the election of BOSCH REXROTH this shall be either on premise and/or by remote access.

20.4. The CUSTOMER shall secure the SOFTWARE against being accessed by unauthorized third parties by taking suitable measures, in particular storing all the back-up copies of the SOFTWARE and the DOCUMENTATION in a safe place.

20.5. BOSCH REXROTH has the right to examine whether the SOFTWARE is being used in compliance with the LICENSE TYPE. To this end, BOSCH REXROTH may require information from the CUSTOMER and inspect the books and documents, including the CUSTOMER's hardware and software environment, insofar as, as a result, details can be obtained on the extent of usage of the SOFTWARE. To this end BOSCH REXROTH

shall be granted access to the CUSTOMER's business premises during normal working hours after having given advance notification of at least two weeks. The CUSTOMER shall ensure, to an extent that can be reasonably expected, that the audit can be conducted by BOSCH REXROTH and shall collaborate in the audit. BOSCH REXROTH shall use all the information it acquires during the audit only for vetting compliance with the LICENSE TYPE. The CUSTOMER may demand that the audit be conducted on site by an agent of BOSCH REXROTH committed to professional secrecy. The costs of the audit shall be borne by BOSCH REXROTH unless the audit reveals that there is a SHORTFALL IN LICENSE COVER. In this case the CUSTOMER shall bear the costs of the audit.

20.6. In the event of a SHORTFALL IN LICENSE COVER, the CUSTOMER shall pay the unpaid remuneration on the basis of the valid general price list for comparable services at the time when the shortfall is discovered plus liquidated damages in an amount equal to 10 % of the value of the SHORTFALL IN LICENSE COVER. The CUSTOMER may evidence that the damage was lower. In addition, the CUSTOMER shall discontinue every SHORTFALL IN LICENSE COVER without undue delay.

20.7. The CUSTOMER shall take reasonable precautions in case the SOFTWARE fails to work properly either in whole or in part (e.g. by means of daily data back-up, malfunction diagnosis, regularly examining the data processing results). Unless the CUSTOMER explicitly indicates otherwise in advance, BOSCH REXROTH may assume that there has been a back-up of all data of the CUSTOMER which BOSCH REXROTH can come into contact with.

21. ENGINEERING SOFTWARE

21.1. The information and graphical representations stored in the ENGINEERING SOFTWARE serve solely to describe the respective PRODUCTS and lose their validity when the PRODUCTS represented there and/or the corresponding technical DOCUMENTATION are/is changed, at the latest, however, when a new version of the ENGINEERING SOFTWARE is issued. A PRODUCT order is placed solely on the basis of the catalogue details and of the DOCUMENTATION belonging to the PRODUCT.

21.3. If and insofar as a copyrighted material is created for the CUSTOMER as a result of changing/generating software by using ENGINEERING SOFTWARE or if the CUSTOMER applies for/acquires a PROPERTY RIGHT based on the above change/creation, the CUSTOMER shall notify BOSCH REXROTH thereof without undue delay and grant to BOSCH REXROTH a non-exclusive, irrevocable license unlimited as to time and free of charge, which also confers upon BOSCH REXROTH the right to grant sub-licenses; with regard to PROPERTY RIGHTS the CUSTOMER shall grant a license to BOSCH REXROTH in a separate contract subject to customary market conditions.
