For Immediate Use

MoveWithRexroth.com offers easy access to products for both Factory Automation and Hydraulics & Heavy Industry.

Bosch Rexroth's MoveWithRexroth.com microsite features the company's hottest products across the spectrum of drive and control technologies through two major navigation paths: Factory Automation or Hydraulics & Heavy Industry. Each path offers a clickable carousel at the top of the page to make it easy to navigate Rexroth's most important new products.

Visitors can choose to click on the Hydraulics & Heavy Industry path to see the latest in hydraulic products and systems. Technologies featured on this side of the microsite include:

- **Connected Hydraulics:** Leverage the power of Rexroth's advanced hydraulics technology to set new benchmarks for performance.
- **Sytronix:** Our innovative variable-speed drive pumps combine advanced digital controls with reliable, powerful hydraulics to help reduce energy costs by up to 80 percent.
- **Häggglunds radial-piston motors:** Häggglunds deliver the advantages of a direct drive motor in the smallest possible footprint.

For Immediate Use

Additionally, visitors can find Rexroth's hot new products in Factory Automation. Products featured on this side of the microsite include:

- EFC 3610/5610: Variable Frequency Drives from Rexroth provide flexibility in a compact size and are easy to integrate into a wide variety of applications.
- Open Core Engineering: Combining PLC with modern IT allows a whole new degree of freedom, flexibility and efficiency in automation processes.
- IoT Gateway: The easiest way to connect existing machines and equipment to the benefits of the Industry 4.0.
- EMC-HD: These electromechanical cylinders provide efficient operation and a long service life even in the harshest conditions.
- Additional technologies include: Planetary Screw Assemblies PLSA, EasyHandling Mechatronic Systems; VarioFlow *plus* Plastic Chain Conveyors, Connected Automation i4.0; IndraDrive ML Modular Electric Drives; IndraMotion MTX Solutions for CNC; IMS-I and IMS-A Linear Encoder Systems; and Rexroth's well-known Aluminum Structural Framing.

The microsite is also the most convenient place to order from a selection of Rexroth's highly informative and useful Resource Kits. Featured Resource Kits include:

- Hydraulics Performance Kit
- Linear Motion & Mechatronics @ Work
- Lean Production and Automation Insights
- Advancing Factory Automation

About Bosch

Having established a regional presence in 1906 in North America, the Bosch Group employs nearly 34,500 associates in more than 100 locations, as of December 31, 2017. In 2017 Bosch generated consolidated sales of \$13.7 billion in the U.S., Canada and Mexico. For more information, visit twitter.com/boschusa, twitter.com/boschmexico and www.bosch.ca.

The Bosch Group is a leading global supplier of technology and services. It employs roughly 402,000 associates worldwide (as of December 31, 2017). The company generated sales of 78.1 billion euros (\$88.2 billion) in 2017. Its operations are divided into four business sectors: Mobility Solutions, Industrial Technology, Consumer Goods, and Energy and Building Technology. As a leading IoT company, Bosch offers innovative solutions for smart homes, smart cities, connected mobility, and connected manufacturing. It uses its expertise in sensor technology, software, and services, as well as its own IoT cloud, to offer its customers connected, cross-domain solutions from a single source. The Bosch Group's strategic objective is to deliver innovations for a connected life. Bosch improves quality of life worldwide with products and services that are innovative and spark enthusiasm. In short, Bosch creates technology that is "Invented for life." The Bosch Group comprises Robert Bosch GmbH and its roughly 440 subsidiary and regional companies in 60 countries. Including sales and service partners, Bosch's global manufacturing, engineering, and sales network covers nearly every country in the world. The basis for the company's future growth is its innovative strength. At 125 locations across the globe, Bosch employs some 64,500 associates in research and development.
