Experience the latest in connected automation and IoT with Bosch Rexroth at ATX West 2019

Explore Rexroth's connected automation, assembly, and handling solutions in booth #4400 at ATX West 2019, February 5-7, in Anaheim, California

DC19002

01/22/2019

For Immediate Use

The Factory of the Future is more than just a vision, so join Bosch Rexroth on our journey at ATX West 2019

Put the power of Industry 4.0 and Bosch Rexroth's Factory of the Future to work for you with Rexroth's innovative technology solutions. Experience them firsthand at ATX West 2019, February 5-7, in booth #4400. New to the ATX West floor are several demos including Rexroth's Mechatronics @ Work demo which demonstrates the batch size of one capabilities of Rexroth technologies. For the first time in the U.S., the Digitalization of Linear Technology display will showcase the evolution of linear motion technology in the digital transformation.

Come see why Bosch Rexroth is the only stop you need for solutions in connected automation, assembly and handling. Rexroth experts will be available to walk visitors through product demonstrations, show off our latest technology and answer technical questions. Confidently using years of industry experience and product knowledge, booth #4400 proves why Rexroth is the ideal partner for connected automation.

Press Release

Rexroth's booth highlights will include:

DC19002
01/22/2019

- As an interactive communication platform, ActiveCockpit processes and visualizes production data in real time.
- The Mechatronics @ Work demo produces a customized package, allowing users to order a batch size of one.
- Rexroth's Linear Technology Total Line Automation display features a variety of our linear motion portfolio.
- The i4.0 Cube showcases a selection of Rexroth's Industry 4.0 technologies which interact with the Mechatronics @ Work and ActiveMover demos displaying a variety of production data.
- Rexroth's ActiveMover transfer system demonstrates how it is possible to transport products with great speed and precision.
- Understand the benefits of the digitalization of linear motion technology with Rexroth's new digitalization demo.

For Immediate Use

In addition to the product demonstrations, Rexroth will feature a selection of its technology including VarioFlow *plus*, aluminum framing as well as EcoShape tubular framing, production tools, high-precision tightening systems and a manual production system.

Bosch Rexroth will present the technologies required to make the Factory of the Future a reality in your plant. Be sure to stop by Booth #4400 and see Rexroth's Factory of the Future! Now. Next. Beyond.

About Bosch

Having established a regional presence in 1906 in North America, the Bosch Group employs nearly 34,500 associates in more than 100 locations, as of December 31, 2017. In 2017 Bosch generated consolidated sales of \$13.7 billion in the U.S., Canada and Mexico. For more information, visit twitter.com/boschusa, twitter.com/boschmexico and www.bosch.ca.

The Bosch Group is a leading global supplier of technology and services. It employs roughly 402,000 associates worldwide (as of December 31, 2017). The company generated sales of 78.1 billion euros (\$88.2 billion) in 2017. Its operations are divided into four business sectors: Mobility Solutions, Industrial Technology, Consumer Goods, and Energy and Building Technology. As a leading IoT company, Bosch offers innovative solutions for smart homes, smart cities, connected mobility, and connected manufacturing. It uses its expertise in sensor technology, software, and services, as well as its own IoT cloud, to offer its customers connected, cross-domain solutions from a single source. The Bosch Group's strategic objective is to deliver innovations for a connected life. Bosch improves quality of life worldwide with products and services that are innovative and spark enthusiasm. In short, Bosch creates technology that is "Invented for life." The Bosch Group comprises Robert Bosch GmbH and its roughly 440 subsidiary and regional companies in 60 countries. Including sales and service partners, Bosch's global manufacturing, engineering, and sales network covers nearly every country in the world. The basis for the company's future growth is its innovative strength. At 125 locations across the globe, Bosch employs some 64,500 associates in research and development.
