Learn how to put the power of Industry 4.0 and Bosch Rexroth to work for you at Automate 2019

Experience Rexroth's innovative technology solutions firsthand at Automate 2019, April 8-11, in booth #7929 at McCormick Place in Chicago. Rexroth's Mechatronics@Work, Factory of the Future showcase will demonstrate the capability for Bosch Rexroth technologies to achieve customizable batch sizes. With its multi-technology design, Rexroth's Smart Assembly 4.0 Conveyor promotes the i4.0 compatibility of products from Rexroth's linear motion, assembly and automation technology portfolio.

In addition to Rexroth's featured displays, experts will be in the booth to walk visitors through the demos and answer technical questions about creating a factory of the future. Booth #7929 demonstrates why Bosch Rexroth is the ideal partner for making your Factory of the Future a reality.

Press Release

Rexroth's booth highlights include:

- The Mechatronics@Work demo collects and displays machine and production data to produce a customized package.
- With its onboard IoT Gateway, the Smart Assembly 4.0 Conveyor can display any parameter on the system as well as communicate with other devices and display their data.
- The Smart Assembly 4.0 Conveyor collects and shares i4.0 data with other systems for manufacturing transparency.
- The ActiveCockpit is an interactive data visualization and communications platform designed to support employees and management personnel.
- Rexroth's I4.0 Cube is a four-sided, interactive touchscreen display that showcases Rexroth's latest Industry 4.0 innovations.

Having established a regional presence in 1906 in North America, the Bosch Group employs nearly 34,500 associates in more than 100 locations, as of December 31, 2017. In 2017 Bosch generated consolidated sales of \$13.7 billion in the U.S., Canada and Mexico. For more information, visit twitter.com/boschusa, twitter.com/boschmexico and www.bosch.ca.

The Bosch Group is a leading global supplier of technology and services. It employs roughly 402,000 associates worldwide (as of December 31, 2017). The company generated sales of 78.1 billion euros (\$88.2 billion) in 2017. Its operations are divided into four business sectors: Mobility Solutions, Industrial Technology, Consumer Goods, and Energy and Building Technology. As a leading IoT company, Bosch offers innovative solutions for smart homes, smart cities, connected mobility, and connected manufacturing. It uses its expertise in sensor technology, software, and services, as well as its own IoT cloud, to offer its customers connected, cross-domain solutions from a single source. The Bosch Group's strategic objective is to deliver innovations for a connected life. Bosch improves quality of life worldwide with products and services that are innovative and spark enthusiasm. In short, Bosch creates technology that is "Invented for life." The Bosch Group comprises Robert Bosch GmbH and its roughly 440 subsidiary and regional companies in 60 countries. Including sales and service partners, Bosch's global manufacturing, engineering, and sales network covers nearly every country in the world. The basis for the company's future growth is its innovative strength. At 125 locations across the globe, Bosch employs some 64,500 associates in research and development.
