Learn about Rexroth's latest offshore innovations at the Offshore Technology Conference (OTC) 2019

OTC 2019 is bringing the leaders of offshore technology to Houston on May 6-9 to showcase the latest innovations in the industry. Located in booth #1205, Rexroth experts are prepared to demonstrate advancements that benefit the marine and offshore industry such as Rexroth's new hydraulic power unit CytroBox, the subsea valve actuator, a winch demo using Hägglunds motors, IndraDrive ML drives and more.

During OTC 2019, attendees will get a first-hand look at Rexroth's multi-technology solutions, ensuring that booth #1205 will be a worthwhile stop. Booth visitors are encouraged to learn from Rexroth's years of industry expertise and talk to experts about the various demonstrations on display in booth #1205.

One of the main attractions is Rexroth's Rally Simulator ride. This fun, 15-minute experience will demonstrate Rexroth's system competence and

For the first time in the U.S., Bosch Rexroth will be displaying its futuristic hydraulic power unit – CytroBox. With its compact design, energy savings of up to 80 percent and use of sensor packages and open interfaces, CytroBox truly is the future of hydraulics.

Additional feature displays include:

- Subsea Actuator technology
- Sytronix
- A winch demo featuring Hagglunds CA motors
- I/O Link

The Bosch Group is a leading global supplier of technology and services. It employs roughly 402,000 associates worldwide (as of December 31, 2017). The company generated sales of 78.1 billion euros (\$88.2 billion) in 2017. Its operations are divided into four business sectors: Mobility Solutions, Industrial Technology, Consumer Goods, and Energy and Building Technology. As a leading IoT company, Bosch offers innovative solutions for smart homes, smart cities, connected mobility, and connected manufacturing. It uses its expertise in sensor technology, software, and services, as well as its own IoT cloud, to offer its customers connected, cross-domain solutions from a single source. The Bosch Group's strategic objective is to deliver innovations for a connected life. Bosch improves quality of life worldwide with products and services that are innovative and spark enthusiasm. In short, Bosch creates technology that is "Invented for life." The Bosch Group comprises Robert Bosch GmbH and its roughly 440 subsidiary and regional companies in 60 countries. Including sales and service partners, Bosch's global manufacturing, engineering, and sales network covers nearly every country in the world. The basis for the company's future growth is its innovative strength. At 125 locations across the globe, Bosch employs some 64,500 associates in research and development.
