

Volker Schiek

01.05.2026

Member of the Executive Board of Bosch Rexroth AG

**Volker Schiek has been a member of the Executive Board of Bosch Rexroth AG since May 2026 and will become the member of the Executive Board responsible for commercial activities, purchasing, and logistics, as well as director of industrial relations, effective July 2026.**

After completing his studies in business engineering, he began his professional career in 1997 at Bosch's Thermotechnology division, focusing on various tasks in controlling.

From 2001 to 2004, he held management positions with the Worcester Bosch Group in England, where he earned an MBA while working and later a master's degree in industrial engineering, also while working.

This was followed by two more years in the Bosch Thermotechnology division.

In 2007, Schiek moved to Italy to assume economic coordination of a plant in the Bosch Power Solutions division.

His next position was in Poland, where he managed a plant in the Bosch Vehicle Motion division from 2010 to 2013. In addition, from 2012 to 2013, he headed the Finance and Administration department of the Actuation business unit of Bosch's Vehicle Motion division and was technical executive manager of the Bosch regional subsidiary.

In 2013, Schiek served as vice president of Controlling, Planning, and Mergers & Acquisitions at Bosch headquarters. This was followed by a two-year stint there starting in 2014 as head of the Finance and Controlling Excellence project.

In 2016, Schiek joined Bosch Rexroth, where he initially took on the role of commercial director for several product groups of the then Mobile Applications business unit. In 2017, he took on the role of president of the Mobile Components business unit, while simultaneously also serving as head of production.

From 2021 to 2023, Schiek held a dual role at the Bosch site in Stuttgart-Feuerbach, where he was responsible for implementing business transformation strategies using SAP S/4 and also led the Business Process Excellence project for the Bosch Group.

# Curriculum Vitae

From 2022 to 2024, he also served concurrently as head of Bosch's central Information Technology and Digitalization department.

01.05.2026

For the following two years, Schiek was a member of Executive Management responsible for commercial affairs within Bosch's Electrified Motion division.

Volker Schiek has been a member of the Executive Board of Bosch Rexroth AG since May 2026. As of July 2026, he will assume responsibility for commercial activities, purchasing, and logistics, and will serve as director of Industrial Relations with responsibility for human resources.
