If you use the SERVICES in the context of your commercial or professional occupation, you may use the available CONTENT solely for your own internal business purposes. Any commercial use of the available CONTENT exceeding this is forbidden (see also section 9). This right of use is limited to the duration of the existence of your contract of use;

- ### 8. Uploading your own CONTENT by you
- 8.1. If it is available as a function of the SERVICES, you can upload, post, save, share, send, display your own content (hereinafter: “USER CONTENT”) and make it available to third parties if the relevant SERVICE provides for this, provided that you comply with the regulations set out below.

We explicitly do not adopt this CONTENT as our own. You shall indemnify us from and against possible third-party claims. E-mail addresses and non-activated web addresses (URLs) and parts thereof are also deemed to be hyperlinks.

8.5. You are fully responsible for the USER CONTENT uploaded by you. We do not undertake an examination as to whether the CONTENT is complete, correct, lawful or up-to-date or of the quality of the CONTENT or its suitability for a specific purpose.

You represent that you are the sole holder of all rights to the USER CONTENT transmitted by you to the SERVICES or that you have other authorization (e.g. by means of effective permission from the holder of the rights) to upload the USER CONTENT to the SERVICES and to grant the rights of use and exploitation as set out above. This applies in particular to third-party copyrights, trademark or patent rights and to industrial property rights and/or rights related to copyright under competition law and rights of personality. Furthermore,

you undertake not to upload any USER CONTENT which violates applicable law. You are responsible for the USER CONTENT not containing any confidential information and that you do not breach any secrecy obligations.

8.6. We reserve the right to refuse to upload USER CONTENT and/or to block or remove CONTENT that has already been uploaded (including private messages and guestbook entries) if the uploading of the USER CONTENT by you or the CONTENT uploaded itself has led to a violation of these Terms and Conditions for Registration and Use or if there are specific indications showing that there will be a severe violation.
